

Accounting & Consolidation Expert (f/m/d)

Accounting & Consolidation Expert (f/m/d)

Employment: Full-time or part-time (minimum 60%)

Workplace: Hybrid

Your Mission

As an **Accounting & Consolidation Expert (f/m/d)**, you'll be part of our Finance team and help ensure that our financial data is not only accurate but also forward-looking. You will support the preparation of monthly, quarterly, and annual financial statements in accordance with the Austrian Commercial Code (UGB) and actively contribute to projects, process optimizations, and group-wide initiatives.

You want more than just bookkeeping? Then you're in the right place with us.

What We Offer

- Exciting tasks with **room for creativity** and opportunities for **professional growth**
- The chance to take on responsibility within a **motivated and collaborative team**
- **Training and development opportunities** in Accounting & Finance
- **Flexible working hours** and **hybrid work options**
- An **attractive compensation package** based on your qualifications and experience
- A work environment that fosters **initiative, drive, and team spirit**

Your (Main) Responsibilities

- Participation in the preparation of **monthly, quarterly, and annual financial statements** according to UGB
- Support in **group consolidation and reporting** matters under UGB
- Contact person for various **statistics** as well as **accounting, tax, and insurance topics**
- Collaboration in **interdisciplinary projects** (e.g., digitalization, process optimization, automation)
- Support in further developing our **financial processes** and **reporting structures**

Your Profile

- Completed or ongoing **business-related studies** (University of Applied Sciences or University) with a focus on Accounting, Finance, or Controlling
- **Initial professional experience** in accounting and/or consolidation
- Solid knowledge of **UGB** and a good understanding of business contexts

- Proficient in **MS Excel**; ideally experienced with **ERP systems** (e.g., Navision)
 - **Technical affinity** and a strong passion for developing our reporting systems and implementing AI tools in the accounting field
 - A high level of initiative and personal responsibility – we’re looking for a true “can-do mindset”
-

💬 **Ready to make an impact?**

Then we look forward to receiving your application!
