

LOOKING FOR A

FASHION DESIGNER

Tonal Studios is a Swiss label in the middle of a full rebrand, moving from streetwear toward accessible luxury. The design language is quiet and tonal. We're combining timeless essentials with pieces that stand out through inventive construction and considered detail rather than logos, prints and trends.

01

WHAT YOU
WOULD DO

Product Design & Development

From first idea to finished design

Technical Work

Sketches, tech packs, specs for production

Samples & Fit

Prototypes, sewing, fittings, corrections

02

WE'RE LOOKING
FOR SOMEONE
WHO

is trained in fashion — tailor, fashion design student or graduate
is hands-on: patterns, sewing machine, samples
has a real feel for material, fabric and finish
can design, sketch and build tech packs digitally
works side by side with the team & shapes the brand
wants to be a key part of Tonal for a long time
is based in Switzerland

03

APPLICATIONS
